

Benefit Administration

Online Benefit Administration System

Increase efficiency and reduce work by enabling your systems and vendors to communicate with each other

M.E. has partnered with an industry leader to provide its clients with a cutting edge and user-friendly online benefits administration platform. **24/7/365** employer and employee access to all company benefits. The capabilities of the system are broad, encompassing:

- Administration
- Payroll/HRIS system data exchange
- Enrollment
- Premium accounting
- Reporting
- EDI
- ...and much more.

**Call today to set up a live web demonstration –
443-794-8019**

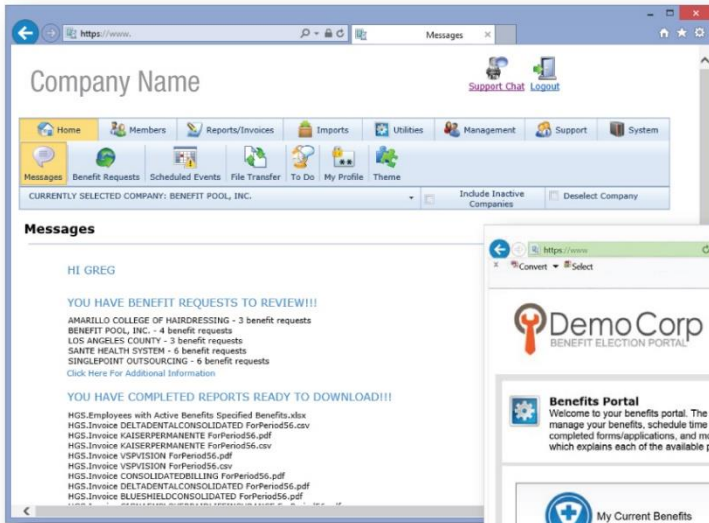

A partial list of capabilities:

- Digitally **link to benefits carriers**
- Digitally **link to Payroll**
- Automate **ACA 1095-C reporting** and employee tracking
- Reduces or eliminates paperwork
- **Online employee enrollment** and year-round plan changes
- **Payroll deduction tracking** and payroll reconciliation features
- Automatic eligibility updates to carriers' systems (where carrier interface is available)
- COBRA events and benefit enrollment tracking
- Call Center enrollment capabilities
- Benefit plan rate and coverage calculation engine
- Digital access to benefit elections, past and present, to determine who had what coverage when
- Maintains history of changes made to member records, billing records, and coverage records

1. Reporting includes various census, discrepancy, enrollment, and audit reports.
